[DISPATCHES TO THE OREGONIAN.]

EASTERN DATES TO NOV. 9.

EASTERN STATES.

The Downfall of Tammany.

NEW YORK, Nov. 8.—There is a general feeling of demoralization among the defeated Tammanyites. Many of them who were confident of election were surprised at the result. As a general thing they spent largely of their means. It is said some of them are bankrupt. Last night Tammany Hall was deserted, and the enthusiasm of members who could be found at the club rooms throughout the city seemed depressed.

Reformers believe that Rossa would have defeated Tweed had he been given a fair show at the polls. Thieves and rowdies had control of the district, which accounts for the result. The election is to be contested.

The great victory for reform was the general topic to-day in all circles throughout the city. At the City Hall flags were displayed in honor of the result. Politicians in pay of Tammany seemed bewildered. Upon the door of the Mayor's office a large placard was posted bearing the following: "The downfall of Tammany Hall."

Leading Democrats of the State and city are beginning to talk about nominating Charles O'Conor as Democratic candidate for President.

Complexion of the Legislature.

ALBANY, Nov. 8.—The *Evening Journal* figures as follows: For the Senate, 24 Republicans, 6 Democrats and 2 Reform Democrats. For the Assembly, 90 Republicans, 33 Democrats and 5 Reform Democrats.

Boston Insurance Companies.

BOSTON, Nov. 8.—The Boston Hide and Leather Insurance Company, whose risks at Chicago amounted to $750,000, it is believed will pay 50 per cent. and probably wind up. The New England Company will pay 90 cents. The Independence Company, with risks of over a million, has commenced paying 25 cents. All other Boston companies are promptly paying in full all claims as fast as presented.

Georgia Legislature.

ATLANTA, Nov. 8.—The Senate has passed a resolution denying the existence of the Ku Klux and asking the Ku Klux Committee to summon the Judge of the Superior Court as a witness, offering legislative aid to enable the Committee to get all the facts of the alleged disorder.

The House has passed a bill repealing the act to prevent the collection of taxes for 1868-69.

WASHINGTON CITY.

Indian Affairs.

WASHINGTON, Nov. 8.—Vincent Colyer received a letter from Indian Agent Stout, dated Gila River, October 24th, complaining that white men at the head of the Gila River had taken the water for themselves so that the Indians were deprived of their irrigating grounds. Chief Chin Kum announced his intention of asking permission to drive the whites off. The Indians will have to move away or starve if water does not come soon. These tribes have heretofore been peaceable, and they claim the lands on which they are now settled.

The U. S. Supreme Court.

WASHINGTON, Nov. 8.—All cases continued at this term of the Supreme Court of the United States after Monday next, will be put at the foot of the calendar for the next term unless otherwise specially placed by the Court. This will put off all cases so continued for at least two years.

The President and Secretary of War had a conference relative to squatters on Osage lands. If they shall not remove in compliance with the Secretary of the Interior, they will be ejected with military force.

The Wisconsin Sufferers.

EXECUTIVE DEPARTMENT, STATE OF WIS., Madison, November, 8, 1871.

To the people of the United States: The Commissioners inform me that the supply of clothing on hand, in transit and ready for shipment, will be sufficient for the sufferers by fire in this State. No further contributions of this kind are needed now. Your generosity has comfortably clothed the needy for the winter. They would not tax your liberality a moment longer than necessary, and gratefully thank you for your liberal and timely aid.

(Signed) LUCAS FAIRCHILD, Gov.

Department Affairs.

WASHINGTON, Nov. 8.—The report of the Comptroller of the currency for this year is completed. The principal recommendation relates to protection against counterfeiting.

General Schofield will be placed in control of the Indians of Arizona, and will be instructed to bring them to upon the reservations and keep them there. They will be fully protected in their rights while on the reservations, and if they leave to go on the war path they will be punished.

BY ATLANTIC CABLE.

Austria and Germany.

VIENNA, Nov. 8.—The Bohemian Diet, in session at Prague, voted unanimously against electing a delegation to the Reichsrath. Government ordered immediately the close of its deliberations.

BERLIN, Nov. 8.—A conference of diplomats will be held at Dresden at an early day to devise precautionary measures against the International Society.

MEXICO.

Anarchy Continues.

MEXICO, October 30.—Anarchy prevails in many States in Mexico. The revolution in Nuevo Leon still continues, and the revolutionary movement is spreading in other provinces.

The revolutionists of Zacatecas have invaded the State of San Luis Potosi. Numerous bands of men are sacking villages and haciendas, in the States of Hidalgo and Mexico. A frightful list of robberies has been committed in sight of the gates of the city.

The authorities of the State of Oaxaca neglected to promulgate the re election of Juarez.

NOVA SCOTIA.

Fishing Schooner Lost.

HALIFAX, Nov. 8.—The fishing schooner *Rita Riggs* of Gloucester, has been lost with all on board.

Shakespeare and the Bible.

A correspondent of the New York *Evening Post* writes:

I have just read in your issue of yesterday a notice of an article in *Oliver Optic's Magazine* upon Shakespeare's knowledge of the Bible, in which you publish a few examples, cited by this writer, of ideas obliviously borrowed from Scripture, but which convey only a faint idea of the great poet's use of this volume. Shakespeare's knowledge and use of the Bible in the composition of his plays is a large subject, and has been fully illustrated by more than one writer. Chas. Wadsworth, Bishop of St. Andrew's, published a work in London in April, 1864, of 512 pages, on this subject, in which he cites over two hundred passages which contain cleverly-turned Scriptural ideas or forms of expression. Yet to the close student of his work, he drew no more largely from the Scriptures than from any other source which could possibly add beauty and force to his compositions. He was evidently accurately acquainted with all the English books of his day, as well as with all popular usages, opinions and traditions which could be of any use to him in his poetical compositions, and if he seems to have drawn more largely from the Scriptures than any other source, it is because they more abound in sublime and majestic ideas. An American writer on this subject, a life-long student of Shakespeare, Dr. Stears, of Baltimore, is so profoundly impressed with the all-pervading scriptural and religious utterances of this unconsecrated teacher, as to declare that "Shakespeare is a rejection of the Bible; and that unless Christianity had come first, his plays would never have followed."

Yachting circles in New York are at loggerheads. The *Sappho* claims to have won the Queen's cup, while the English yacht *Livonia* refuses to acknowledge her defeat, and proposes to appeal to the British yachting congress.

OREGON.

The public schools are unusually full and prosperous.

Joaquin Miller reached Eugene City from California on Wednesday.

James Anderson and Joseph Sears have been received into the Penitentiary from Baker county, the former for three and latter for four years.

Governor Grover has appointed the following named persons Commissioners of Deeds for Oregon: Frederick R. Anderson, New York City; P. A. Hayne, Chicago; James Ham, Memphis, Tenn.

Some of the Journals of the State are copying statements of the population of the principal towns of Oregon in 1870 from data furnished by Secretary Chadwick. Portland is put down for 7,293 inhabitants. If the statement had been copied from the census tables which have been furnished by the Superintendent of the Census, they would be more accurate.

THE TERRITORIES.

A telegram from Gen. Hancock, dated St. Paul, Minn., announces the rapid and successful survey of the Yellowstone valley from the west as far as Powder river. The country was found much better than was expected.

It is the purpose of the Utah Northern Railroad Company to connect the Union Pacific and Northern Pacific by rail, extending from Ogden through Utah and Montana to the line of the Northern road. The road is now in process of construction between Ogden and Soda Springs.

The Tucson (Arizona) *Citizen* has the following: It is reported here that the great Indian Ring intend to make a determined effort to have the Military Department of Arizona abolished and merged into one with New Mexico, the headquarters to be in the latter with a Brigadier General in command, and to have all military and Indian supplies for Arizona purchased in Eastern cities and brought by St. Louis and the Atlantic and Pacific railway into Indian territory, and thence by wagons. This is reported to be a move against the Pacific coast, because of its bold and united stand on the Indian question.

CURRENT NOTES.

Patriotism in young maidens in Metz is tantamount to all the virtues. A young French lady of that city, recently refused a Prussian officer's offer in marriage, and the next day received ten applications for her hand from the richest young men of the town.

Senator Trumbull has arranged with the departments at Washington that the recommendation for new and larger public buildings at Chicago shall come promptly and in proper shape before Congress. The President, it is said, will endorse the recommendation in his annual message.

The Rev. Robert Collyer's son was to have been married in Chicago on the Tuesday after the fire, but house, church, furniture and all were burned the day before. On Wednesday, however, the wedding took place, the young bride wearing a calico gown, the only dress she saved.

On a war footing, the whole force of the Russian army prior to its recent re-organization, was 1,173,000. The re-organization is on the German plan of the compulsory service of all subjects, and it gives Russia 1,000,000 men of all arms, or 427,000 more than there were under the old rule.

George Francis Train has caught a Tartar in Joseph Brown, Mayor of St. Louis. Train sent a magnificent proposal to lecture at St. Louis for the benefit of the sufferers by the Chicago fire, to which Brown replied that he did not care to hear the lecture, but was ready to forward any money he (Train) might wish to give.

The Baltimore Episcopal Convention debated the ritual paton question at great length and with much spirit, but at last agreed to drop the subject and leave it where they found it. Extreme ritualism had no supporters, but some of the propositions were considered so much like the practices of the Roman Catholics and others so opposite, that it was thought prudent to defeat all the reforms proposed.

The London *Times* concludes a review of the probable effects of the Chicago fire upon British interests with the following paragraph: "In the midst of all the confusion and loss it is necessary to bear in mind the vigor and elasticity with which the American people meet and repair every adversity. The consequences of the two fires which within the past thirty-five years have devastated the business portions of New York were encountered with a promptitude which could not be faced the issues, and at a later period a like visitation at San Francisco caused a still greater development of indomitable energy. Hence it is some satisfaction, in the midst of the present disaster, to predict that whatever may be its magnitude, there will be nothing more astonishing in connection with it than the way in which the sufferers will effect the work of restoration."

CALIFORNIA NEWS.

During the month of October there were twenty-six actual fires in San Francisco, of which six were attempts at incendiarism. The loss for the month is set down at $50,406 94.

The late massacre of some twenty Chinamen in Los Angeles has been a topic in every journal in the State, and so far the Oakland *Transcript* is the only one that has not severely condemned the mob.

The clothing of Hannah Gray, a ten year old daughter of Thomas Gray, of Cottonwood, near Shasta, caught fire while she was cooking at the stove, last week, and she was so badly burned that death supervened the following day.

It appears that the total liabilities of the Hastings Bank of Sacramento, are $169,926 67, of which $130,226 67 is due depositors. The perfectly good assets are $99,000, but there may be available assets above this amount. These figures show something less than sixty cents on the dollar to depositors.

The Sacramento *Bee* says that among the Republicans named as aspirants for Senatorial honors are Cornelius Cole, Henry Edgerton, T. G. Phelps, A. A. Sargent, M. M. Estee, John B. Felton, General Miller, John B. Frisbie, J. E. Hale and William Higby. To which may be added Thomas H. Selby.

The famine among the farmers of the San Joaquin valley is not, according to their own statement, so bad as was reported. A delegation of them waited upon the San Francisco Relief Committee, and gave that body to understand that all they desired was credit for seed and other necessaries until their crops mature; and an effort will be made to furnish them with those things absolutely needful.

The "no fence law" is being well ventilated, and the whole press of the State seems to be in favor of it. Even the papers of the "cow counties," such as Tulare, Santa Barbara, Los Angeles, etc., declare for it. It is urged that its necessary to the progress of the State, and should be early considered by the Legislature in order that farmers may take advantage of it and cultivate more extensively than would otherwise be possible.

LAST NIGHT'S DISPATCHES.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

EASTERN STATES.

The Verdict against the Tammany Thieves.

NEW YORK, Nov. 9.—Tweed was interviewed yesterday. He said he was not prepared to answer questions in regard to his reported resignation, but it is pretty certain that the report is untrue. Tweed said that the great success of the Reformers took him by surprise.

Tweed's counsel stated yesterday that they would hurry the trial of the charges made by the Reform Committee. They had no reason or wish to delay.

The *Tribune* says Tweed has been rapidly transferring property to other hands. A few days ago he sold another piece of property, which cost $250,000, to his son. He has also been selling stock in various railroads and other companies, in most instances at a sacrifice. He no longer figures as a director in the Third Avenue road; his name is dropped for the reason that he has lately sold all his stock in that line. He held at the time Mr. O'Conor began the suit against him, 700 shares in the Metropolitan Gas Co., worth $1,365,000, and ordered its immediate sale after suit was begun. Then the rate was $195. He forced it on the market and sold it for about $170. He is reported to have attempted to sell the lease of the Metropolitan Hotel.

There is universal satisfaction among men of all parties over the result of the election. Chas. O'Conor says the Legislature will at once proceed to erase from the statute book the nefarious laws that gave power to the rascals who so nearly ruined the credit of the city through mismanagement. Suits against Ring officials will not be allowed to languish. It had been the object of the prosecution to place evidence before the people in order that it might be properly considered before the election, and thus give honest citizens an opportunity of ousting the scoundrels who defrauded the city; but suits would proceed, as there was no intention of allowing them to rest and relieve roughs from the legal lash which they richly deserve.

Ingersoll returned to New York on Monday. He had been in constant communication with his friends, and ascertained that the limitation of the order for arrest which had been granted against him expired on Saturday. On Tuesday he voted at the polls in the Nineteenth Ward the Tammany ticket. Yesterday he sent a messenger to the Sheriff's office with information that he awaited his arrest, with considerable impatience, and had a gentleman in readiness to sign bonds for his release. The arrest cannot be effected until a order for arrest is granted.

A new order of arrest was granted against Tom Fields. He is lying ill at his residence and the formality of arrest was gone through with, and bail will be given immediately.

Virginia Election.

RICHMOND, Nov. 8.—Election returns indicate that the House of Delegates will be about the same political complexion as the last, which was two-thirds Conservative. The Republicans have probably gained one or two Senators.

The Result in New York.

NEW YORK, Nov. 8.—The *World* says the Republican majority in the State is from 12,000 to 17,000. The Legislature is two-thirds Republican in both Houses.

WASHINGTON, Oct. 26, 1871.—The Ku Klux Joint

The Daily Oregonian.

FRIDAY MORNING, NOV. 10, 1871.

Park Row.

One hundred and fifty thousand dollars seems a large sum of money to pay for what might have been had two years ago for twenty-five thousand dollars. Reasoning on this basis there are doubtless very many citizens who are inclined to oppose the purchase of Park Row. Until we shall be able to present a list of the park property holders with the amounts they ask for the property which they propose to sell to the city, we cannot form an estimate as to the justness of the aggregate sum demanded. We need not now enlarge upon the importance of having this grand avenue thrown open. Every citizen appreciates its value to the city. At present there are buildings upon it which would yield a rental of about $5,000 a year. If the property were purchased by the city probably these buildings would not be removed at once, and the rents they would bring in would pay interest for a time on a considerable part of the purchase money. The idea, perhaps, would not be to throw the parks open at once and improve them, but to secure the title to them so that they might be held for the city and improved at a future time. Again, doubtless it would not be thought practicable to raise by taxation in a single year all the money necessary to make the purchase; but a part of the money could be borrowed, and the debt might be paid off from year to year without greatly increasing the rate of taxation. But before anything can be decided upon relative to the proposition to purchase, the public will want to see a detailed statement of the amount each person asks for his park property. We shall try to place this information before our citizens so that they can judge for themselves.

The Response to Chicago.

Nearly half the population of the United States live in cities or considerable towns. It is observed that most of the larger places have contributed to the relief of Chicago more than one dollar per *capita* of their whole population. New York and Brooklyn have given about $2,500,000, which is about two dollars to each person. Philadelphia has raised $1,000,000. Boston has responded with $500,000; St. Louis with $300,000; Pittsburg with $200,000; Washington with $150,000; Buffalo with $150,000; San Francisco with $120,000; Baltimore with $120,000, and such cities as Indianapolis, Cleveland, Louisville, Memphis, Albany, Rochester, Providence, Hartford and Columbus, with sums varying from $45,000 to $100,000 each. The smaller cities and country towns have contributed in like proportion; so it will be seen that the contribution is more than one dollar per *capita*. The gifts have been general and spontaneous, and even small villages and country districts have in many instances added to the fund. Including the amount received from foreign countries the donations probably aggregate $20,000,000 or $25,000,000, and perhaps even more. The manifestation of sympathy throughout the civilized world for those who have suffered by the Chicago disaster is a wonderfully significant and as fully worthy of record as the disaster itself. It is thus that humanity, the world over, is knit more closely together, and the happy conception of the greatest of poets,—"One touch of nature make the whole world kin,"—is felt and understood.

To Be or Not To Be.

This is the question now under discussion in Democratic circles. Whether it be better to try to bear up longer under the slings and arrows of outrageous fortune, and, by uniting with "Conservative Republicans," so-called, make one more effort to whether to let go all hope and make as decent a quietus as possible—this is the problem. They who do not have authority to speak for the party are much divided in opinion. Some insist that the party is moribund, and that it is high time to administer on its effects. Others declare that the party is not yet so far advanced in the throes of dissolution as to preclude all hope, and that it must not disband with a view of accepting the principles and the leadership of Republicans who are dissatisfied with their own party. They say that if this plan be adopted, an organization on a new basis cannot be effected in time for the Presidential election next year; and that as Democrats are expected to furnish the votes, and their expected Republican allies little or nothing but the candidates, the latter must come to them. Others again propose that the Democrats shall now withdraw wholly from the field. They say that if this be done they are sure that in two or three years at most there will be a split in the Republican party which the Democracy can take advantage of. On one point, however, all are beginning to agree. They perceive that there is no hope in a direct appeal to the country, on "Democratic principles," and that a quiet disbandment or a flank movement of some sort is the only thing left.

We trust that all who signed the call for a railroad meeting to be held at the court house this evening will be in attendance. No more important enterprise was ever brought before the citizens of Portland. From beginnings like this immense achievements have had their start. As we showed the other day, the whole railway system of our State was given a new direction by a mass meeting held in 1863 at Eugene City. These beginnings are by no means to be despised. A branch road from Salt Lake would do more to assure a great future for this city than any other single enterprise possibly could.

Tammany and New York have been to the Democratic party what Lee's army and Richmond were to the rebellion. New York, held by Tammany, has been the great citadel of the party, as Richmond, held by Lee, was the strength and defense of the Confederacy. But New York is carried; Tammany is beaten down, dislodged and captured, and the result to the Democratic party must be very similar to the result of the fall of Richmond and the capture of Lee's army upon the fortunes of the rebellion.

The East Portland *Era*, in an article on the elections, says: "The great reduction in the Republican vote of this year as compared with last, is very encouraging to the Democracy." Talk about sunbeams from cucumbers! That editor could make sugar from acetic acid or Peruvian bark. Who says that jolly Mark Tapley was an overdrawn character?

We would suggest to our neighbor of the Democratic organ who seems to be immensely exercised on the "monarchy question," that his party is drifting into obscurity and approaching its end much faster than the country is drifting toward monarchy.

PACIFIC COAST DISPATCHES.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, Nov. 9.—Elder Miles Grave, the revivalist who filled a successful engagement here last season, returns to California in December and will spend most of his time in Sacramento during the coming session of the Legislature.

The estimated losses of Insurance Companies by the Vallejo fire is as follows: Ætna, $5,000; Phœnix, $4,500; People's, $3,400; California, $2,000; Union, $2,000; Firemen's Fund, $3,300; Occidental, $1,000; Pacific, $3,000.

Mining stocks were much firmer this morning. The discovery of a fine body of rich ore in Meadow Valley sent that stock up very considerably. There was a general breaking, however, at the afternoon Board.

The brig *Francisco*, of San Francisco, which went on a sealing voyage, but put into Honolulu in distress, has been sold there.

At the Pacific Race Course, five horses started in a running race of two miles and repeat for a purse of $400. The race was won easily by Atchison in two straight heats. Time 2:47, 2:132. It could have been done in much less. He was the favorite in the pools. The big race of the week comes off to-morrow, being a single dash of a mile and a half, between Atchison, Nell Flaherty and the Dolorota mare, which came out from the East a year since. The fastest time ever made on the course is locked for.

The report that the bark *Comet* was the vessel which ran alongside the *Shelikoff*, when all the crew and passengers were alive, but stood away again without offering assistance, is emphatically denied.

Mrs. Lippincott, better known as Grace Greenwood, the authoress, is stopping at the Occidental.

The barkentine *Wehfoot*, of the Portland line, having gone into dry dock on account of a leak, it was found that the leak proceeded from the sword of a swordfish, driven through the planking and nearly ten inches beyond. It is presumed the fish mistook the vessel for a whale, but discovered the mistake.

SAN FRANCISCO, Nov. 9. The commencement exercises of Toland Medical College to-day were largely attended. The valedictory by Dr. Deane was very interesting. At the conclusion the graduates, Joseph E. Hampton, O. A. Kilpatrick, Leonard C. Churchill and F. A. Bailey, M. D., of Oregon, received congratulations from friends in attendance.

Flora Meyers, a fine looking Jewess, was arrested here this evening on a charge of being accessory to the murder of a hackman named Levy at Petaluma, last week.

It is rumored that the police have made an important arrest of a defaulter or swindler from the East.

The Chinamen cook in the Australian restaurant, charged with killing his employer, Ah Sam, declined to make any statement whatever, before the Coroner's jury.

INTERIOR CALIFORNIA DISPATCHES.

LOS ANGELES, Nov. 9.—A specimen rock from the newly discovered mines near Prescott, Arizona, sparkling with silver, is on exhibition here. Assays made to-day go to show $200 per ton.

Since the great riot our city has never been known to be so quiet. Police and Justice's Courts are idle. Quarrels among Chinamen are quieting down. Many Chinese have returned and resumed their old occupations.

SAN JOSE, Nov. 9.—While Mr. and Mrs. Powers, of Calaveras valley, with their two children, were driving to Milpitas, and while ascending the mountain grade, it being quite dark, Mrs. Powers and the two children were thrown from the wagon upon the lower side of the road. Mrs. Powers was instantly killed and one of the children severely stunned, but will probably recover.

STANISLAUS, Nov. 9.—The dwelling house of Antoni Espanosa was burned, with the entire contents, this morning, the family barely escaping. Loss, $2,500; insured in the Ætna for $1,500.

UTAH.

SALT LAKE, Nov. 9.—Notwithstanding the grand jury and officers of the court kept secrets wonderfully well, it is now ascertained that the indictments against Brigham Young, Mayor Wells and Hosea Stout for murder, was not found on the testimony of Bill alone, the so-called "destroying angel." It is known that on trial evidence will be produced for the prosecution not implicated in the charge, who will testify to all Hickman has sworn to and perhaps more.

The Ogden press claims, on the practical tests of Cornwall exports and practical miners, that the tin discoveries at that place are bonafide and nothing exaggerated.

The Tammany Thieves.

William M. Tweed, Richard B. Connolly, Peter B. Sweeney and A. Oakly Hall, are the master thieves of the New York Democratic Ring, who have just been pilloried before the eyes of the whole world. A contemporary presents these facts in relation to these great thieves and their success in plundering the public from their own benefit: On the 1st of October, 1861, Tweed was discharged from bankruptcy, and the highe of his ambition was to become Foreman of "Big Six" Fire Engine Company. He then became a referee lawyer—without knowing the difference between a fee-simple and a fee-tail—and a politician. In May, 1868, he became connected with the New York City Government, and from the first day of the month until the 15th of July, 1871, he purchased and acquired real estate valued at $1,474,954. During the same time he engaged in various "business," enterprises, representing a value to him to-day of $3,520,000, making a grand total of $6,994,954 in three years operations. From June, 1865, until October, 1871, Controller Connolly purchased real estate and bonds to the value of $2,300,601. Sweeney's purchases in three years amounted to $1,479,736—making a total which these three master swindlers have made out of their connection with the city Government in three years of $10,775,391. The smaller fry have made sums small or in proportion. The late Auditor, Watson, in two years, on a small salary, succeeded in amassing $277,000 in real estate, and Mayor Hall has purchased an estate worth $150,000. To say that these Ring leaders have honestly accumulated these vast sums would be insulting the honest men who work for years and years, with equal skill and judgment, without accumulating enough to buy a small sized stable from William M. Tweed.

The *Herald* appears quite disheartened because the people of the United States are so indifferent to the danger of the overthrow of the Republic and the foundation of a Monarchy on the ruins. Good neighbor, isn't this indifference to be taken rather as a sign that the danger spoken of exists in only in the imagination of a comparatively few alarmists, and that the great body of the people, seeing with clearer vision, are well satisfied that their rights and liberties are not in danger at all? Come, come! It is not the people who sleep, but you that dream.

A decision has been rendered by the Supreme Court of New Jersey confining the lease of the railroads of that State to the Pennsylvania Central Company. Commenting on this the New York *Tribune* says: "This decision completes a great monopoly. It gives to the Pennsylvania Railroad Company, of which Thomas A. Scott is the controlling spirit, an unbroken right of way from tidewater in New York harbor to a point far out in the great spaces west of the Rocky Mountains, and leading possibly to the Pacific."

Every day weather reports and bulletins are telegraphed by the Chief Signal Officer of the army from Washington. Material for these reports is collected daily by telegraph from all parts of the country. A pamphlet entitled "Cautionary Signals," has just been issued at Washington, the design of which is to afford every person the information necessary to enable him to rightly understand and improve by the daily bulletins which are given to the public press.

About $12,000 came from Havana (Cuba) for the Chicago relief fund.

Alluding to the United States loan, one of the English papers says: "A government that has within five years redeemed nearly five hundred millions of the obligations created in conducting a great war, and which has at the same time greatly cut down the fiscal burdens of the people, stands in a position which investors know how to appreciate. Yes, and which the people of this country know how to appreciate, as they will show by their votes.

The Mont Cenis tunnel has no ventilating shafts, and it was predicted that passengers would suffer great inconvenience from being compelled to inhale steam, smoke and mephitic air. These predictions have proved false, and a correspondent of the London *Times*, who has passed through the excavation on the cars, says that although the windows were open, there was no perceptible difference between the air within and that without the tunnel, while not the least discomfort was experienced from steam or smoke. The difference in the temperature could only be detected by a thermometer, which marked a few degrees of additional warmth in the tunnel. The average time to be allowed to trains for the passage through the mountain—nearly eight miles—when the line shall be in full operation, is calculated at twenty minutes.

A little boy, when asked by a lady if he studied hard at school, said, "I do not hurt myself at it!" "Ah," said the lady, "you must study hard or you'll never be President of the United States." No ma'am," cried the boy, "but I don't expect to be.—I'm a Democrat."

FRIDAY MORNING, NOV. 10, 1871.

CITY.

THE PERJURY CASE.—In our account of the first day's proceedings of the examination of "Wrestling Joe" on the charge of perjury, we stated that, owing to an order of the Court, or rather a request, which we considered amounted to the same thing, the reporters ceased taking the testimony. In the afternoon, however, the objection raised in the morning relative to the reporters, was removed, and accordingly, we are enabled to lay before our readers the testimony. Omitting the usual description of "Wrestling Joe," his cold, piercing blank eyes, his bent form, his perfect indifference, all of which have so often been described, that the public is becoming nauseated with their recital; and, therefore, without further delay, we shall proceed with the testimony of Mr. Smith at the point where we were so unceremoniously cut short by the order of the court.

Mr. Smith continued by testifying as follows: When Davidson lived in Illinois he had a scar on his face. The scar at present is not so wide as then; it was then a half an inch wide. The defendant has changed the look of any man I ever saw. The scar was on his left cheek, running up and down; his face did not measure it, but think it might have been an inch long; I am certain it was about three quarters of an inch long, but cannot tell exactly. Forty-five years have intervened since I last saw Davidson. When I last saw him in Illinois his hair was black, and his beard began to be a little gray on his jaws; the balance of his beard was thin and black; he claimed to be forty-five years old, but did not look to be over forty years old; he was a singular made man; had a long hump on his back, which went down low on his back, below his shoulders; otherwise, he was not very peculiar; his hands were long, with long fingers.

The above are the principal points in the testimony of the witness during his examination the first day.

The examination was resumed yesterday morning, Mr. Smith still in the witness box. The testimony of this gentleman, yesterday, was very brief and of an unimportant character. Mr. Bronough, counsel for the defense, called S. A. Moreland, a Notary Public, before whom the depositions of witnesses were taken, and was sworn and requested to produce such depositions; but refused to comply with the request, on the ground that he, as an officer, had no right to make such use of the papers, whereupon he was permitted to retire.

After considerable wrangling over the depositions, the matter was continued until this morning at half past ten o'clock. Present appearance would indicate that the examination will cover a period of two weeks or more.

CORNELIUS CITY.—A correspondent writing to the *Advocate*, furnishes the following description of this new and flourishing town, which is situated in Washington county, on the line of the West-Side road, about twenty miles west of Portland:

"It is in the midst of a rich prairie farming country, and has a fair prospect of soon becoming a large and important place. The grading for the railroad is nearly completed and the cars are expected to reach it about the middle of November. The proprietors of the place purchased for the townsight about seven hundred acres with the intention of making additions as the needs of the city may require. They have reserved from sale convenient lots which they intend to donate for Church and school purposes. The Methodists, with commendable zeal, have temporized a preaching place, and the Gospel is regularly offered. By Rev. J. Hoberg, the pastor.

Hon. T. R. Cornelius, in whose honor the place is named, has erected large warerooms and is filling them with wheat. He has now secured more than thirty thousand bushels which, however, is but a small part of what was produced in the vicinity of the city. Lots are selling at from fifty to three hundred dollars, and land at fifty dollars and upward per acre. The beautiful and healthful situation, the richness of the farming resources, the convenience of transportation and proximity by railroad to Portland, the civil, industrious and Christian community around, combine to make it a most pleasant and prosperous place."

STEALING HAMS.—B. McElroy is a man who is partial to hams, and in order to obtain his favorite article of food will go far and, if need be, resort to any means, foul or fair, to satisfy the cravings of his appetite in this regard. A ham to him is the concentration of all earthly happiness. While walking up First street, on Wednesday night, his eagle eye caught sight of a number of "Cross' sugar cured hams" suspended from the ceiling of the butcher shop of one Arnold, which is located on the corner of First and Taylor streets. McElroy, as he gazed upon them with longing eyes and watery mouth, vowed to himself that he would not let the night pass without becoming the possessor of one of the hams aforesaid. His plans were well laid, but somewhat like the plans of certain mice spoken of by a well known poet, they were brought to an inglorious end by the over officiousness of one of our Metropolitan police, who having no poetry in his soul, arrested McElroy on the charge of petit larceny. The matter, in all its bearings, was investigated into yesterday morning by Judge Denny, who sentenced the accused to the county jail for a period of ninety days.

INDECENT PUBLICATIONS.—Of late we notice that some of our newsdealers take more than special pains to prominently exhibit in front of their places of business certain well known flash papers which are made up exclusively of lewd and immoral pictures. This practice, to say the least, is highly censurable, and fraught with incalculable evil. The influence these vile publications exert in demoralising the mind of the youth is great, and instead of being thrust upon their observation should be kept concealed and not publicly displayed, as is the case. The evil should have a stop put to it, and newsdealers who persist in keeping up this style of advertising these disgusting prints should be severely punished. We believe there is a law against the sale of obscene publications, and we know of no good reason why it should not be brought to bear upon those who daily violate its provisions. Let us have a reform in this particular.

IMPORTANT, IF TRUE.—A rumor has been going the rounds for sometime past to the effect that negotiations are pending for the transfer of a very valuable river franchise on the Columbia river to a gentleman whose name stands at the head of many of the most important enterprises in this State. The transfer, when completed, will give him control of the river navigation on both the Columbia and Wallamet rivers. How much truth there is in the rumor, we are unable to state, but parties who are in a position to know give us assurances that a proposition for the purchase of the franchise has been made and is now under consideration. In a few days matters will take such a shape that something definite may be expected.

THE RAILROAD MEETING.—The meeting for the purpose of memorialising Congress to aid in the construction of a railroad from Portland by way of Salt Lake takes place this evening at the Court House. No enterprise is of so much importance to Portland as the building of this road, and as such every citizen who has the present as well as the future welfare of this city at heart should be in attendance, and none should let the opportunity pass without subscribing his name to the petition. A number of speakers will be present, and it is to be hoped that the meeting will be largely attended—none should remain away. The court room will be heated and cleaned for the occasion. Let there be a rousing meeting.

A CORRECTION.—Yesterday we noticed the fact that Geo. A. Eades, recently appointed Collector of Customs for Alaska had taken his departure by the *Oneida Telegram*. In making this statement we committed an error. Mr. Eades did not leave, but is here perfecting his bonds prior to their being forwarded to Washington.

HIS WHEREABOUTS.—A St. Paul (Minnesota) paper, in speaking of Boylan the confidence operator who figured in these parts some months ago, states that he was lately seen in Canada.

STOVES.—The number of cooking and heating stoves that are being brought to this city by every steamer is simply immense. In front of some of the stores they are piled up by the hundreds.

DISCHARGED.—The two Chinamen, noticed yesterday as having been arrested on the charge of larceny by bailee, upon paying for the clothes in dispute were discharged from custody.

PORTLAND ACADEMY.—The present term of the Portland Academy and Female Seminary closes to-day. The next term will commence Monday, the 13th inst.

FOR SAN FRANCISCO.—The steamship *Ajax* is advertised to sail on Monday. The hour of sailing is not given.

EAST PORTLAND MATTERS.

[From the Era.]

The shocking accident of Tuesday night points to the urgent necessity for the construction of a sidewalk to extend from J street along the trestle work toward the depot, until it connects with the embankment on the opposite side. As the cars do not stop in this city to allow passengers to get off or on, they are necessitated as they walk to the depot to cross the high and dangerous trestle work at this point, a distance of five or six hundred feet, standing a chance to either fall through as did the unfortunate Hughes, or get run over by a passing train.

About 10 o'clock Tuesday night the old charred timbers of a burned building, which for years unnumbered have stood on the south side of J street, fell with a crash that brought the people in the neighborhood out on the street at a double quick.

Dr. A. M. Lorges, one of the proprietors of the Oregon Medical Laboratory of this city, left last week for New York, where he proposes to establish a branch of the Laboratory and introduce in the Eastern States the Oregon Oak Wood preparation.

C. P. Ferry and S. M. Lyon have petitioned the Board of Trustees for the privilege to build wharves on Blocks 7 and 8, also at the foot of L street.

AMUSEMENTS.

ACROSS THE CONTINENT.—This panorama which has been on exhibition at the Oro Fino Theater for the past week, by special desire will be exhibited again this and to-morrow evenings. The exhibition this evening is for the benefit of Mart Taylor. A matinee for the accommodation of ladies and children on Saturday afternoon.

RUNAWAY.—Last night about nine o'clock a horse attached to a buggy in which was seated a couple of drunken women, ran away on Third street, near Taylor, upsetting the vehicle and spilling its contents along the street. One of the women was injured severely, while the other escaped with one or two slight bruises. The buggy was badly damaged, and will require a new one to replace it.

PLAYING WITH MATCHES.—Will parents never learn any thing? A woman last night in order to quiet her child gave it a box of matches to play with. The result was that the young one was severely burned, so much so that its life is despaired of.

COUNTY COURT.—HAMILTON, J.—R. Hendrie vs C. Coello; case dismissed at the cost of plaintiff.

Willamette Hotel Company vs Robert Holman; judgment by default.

Willamette Hotel Company vs S. C. Mills; demurrer overruled.

CONTINUED.—The hearing of St. Clair charged with attempting to induce a witness in a criminal action to leave the city and not appear before the Grand Jury, was continued in the Police Court yesterday until this morning.

U. S. DISTRICT COURT.—No business was transacted in this court yesterday.

BUSINESS NOTICES.

REAL ESTATE.—Messrs. Parrish, Atkinson & Woodward, who have for sale some of the most desirable city and county property on the market advertise in another column. Those who contemplate purchasing should read the advertisement.

Close upon a good article of wear or other invention, follow numerous counterfeits, and so, too, when a man has established a good business and earned for himself popularity, there are some who, envying the man's enterprise and success, are willing enough to resort to almost any means to damage him, and secure for themselves that trade and influence which certain persons have circulated reports that Mr. Barman has retired from business and left Portland, we will say for the benefit of his numerous patrons and the public that all such reports are entirely without foundation. On the contrary, Mr. Barman's business continues steadily to increase, and the better to facilitate trade and accommodate his customers, he has leased, for a term of years the elegant brick store, corner Washington and Front streets, where he will be pleased to meet his patrons. He will keep constantly on hand a large and well selected stock of Fashionable Clothing, Men's Furnishing Goods, etc., and at prices that defy competition.

OFFICE I. W. G. M. I. O. O. F.,
EUGENE CITY, Oregon, Oct. 14, 1872.

To the members of the I. O. O. F. of the jurisdiction of Oregon:

BRETHREN:—In view of the late calamitous fire in the city of Chicago and the consequent sufferings of our brethren in that city, each Lodge is hereby recommended to make such donations for their relief as they may feel themselves able to do, and that such amounts be forwarded to Bro. J. Kramer, Chairman of the General Relief Committee, Portland, Oregon, for immediate transmission.

E. L. ERISTOW,
oct30d3m. Grand Master.

COUGHS AND COLDS.—Those who are suffering from Coughs, Colds, Hoarseness, Sore Throat, &c., should try "*Brown's Bronchial Troches*" a simple remedy, which is in almost every case effectual. The Troches have been tested by time, and pronounced universally superior to all other articles for the same purpose.

A WORD TO THE WISE IS SUFFICIENT.—Be it known to the People of Portland and the surrounding country, that at the extensive clothing establishment of Kohn & Hirbel, 61 Front street, they are selling new and stylish suits for Fall and Winter wear at prices that are astonishingly low. Call at this House and examine the large stock of Clothing and Furnishing Goods. You will come away satisfied.

TESTIMONIAL.

We the undersigned having been the recipients of the services of Mrs. M. C. White in teaching the science of Music on the Pianoforte, take pleasure in giving a hearty testimonial that we have employed her in our families as a teacher of her "New Method of Instruction," and that it has proven *superior* to any method we have ever known. And that although the *first cost* may be a trifle greater than some others, we believe it to be in the aggregate much cheaper, besides being a great economy in point of time. We therefore, take pleasure in recommending her to the patronage of all who may be desirous of obtaining a musical education, as a very superior instructor.

To those who desire to know more about it before incurring any expense, we give a cordial invitation to call at our homes and interview her pupils.

For reference see advertisement.

PERKINS & HOUSE'S SAFETY LAMPS
It is perfectly non-explosive. The light is better than is produced by any other lamp. I believe it to be true economy in view of the safety, the quality and quantity of the light produced, and the durability of this lamp, to throw away all other kinds and use this only.
PROF. W. S. CLARK,
Pres't Mass. Agricultural College.

I know it to be by far the best light we have ever used in our family. I know of nothing that can compare with it. I prefer it to any gas burner I have ever seen. For safety, for economy, and for the perfection of the light, it deserves to come into universal use.

Professor in Amherst College.

Whitcomb's Asthma Remedy is a sure cure.

The Martyrs of Neglect.

It is not too much to say that tens of thousands are now suffering from biliousness, indigestion, constipation, periodical fevers, general debility, and nervous affections who might be restored to perfect health within a month or less by the use of Hostetter's Stomach Bitters. The multitudes who have been cured of these and other ailments by the use of this well known specific are always ready to testify to its virtue as a preventive and a remedy. They are spread over the whole country; they are eager to praise and recommend it; and yet, notwithstanding its vast popularity, there are many invalids, many who are continually exposed to the epidemical diseases, against which it is a sure protection, who, either through indifference or incredulity neglect to seize the opportunity its cure and means of prevention, which they have only to reach out their hands to obtain. This is strange; it is one of the anomalies of human nature which it is impossible to account for or explain. It is, however, quite certain that every day the number of these Martyrs of Neglect is diminishing. This is proved by the statistics of the sales of the great remedy. During the present fall the demand for it has increased beyond all precedent, and it seems as if in the end the entire community would realize the important fact, that when all other medicines prescribed for the above complaints fail, it can and does effect a cure. As a protection against the diseases most common at this season, there is nothing comparable with it.

NEW YORK
LIFE INSURANCE COMPANY!
PURELY MUTUAL!
ASSETS.....$17,000,000!
ISSUED 9,925 POLICIES IN 1870.
Insuring Over $27,000,000!
WM. H. BEERS, Vice President and Actuary. MORRIS FRANKLIN, President.
AMONG THE ADVANTAGES OFFERED BY THE NEW YORK LIFE INSURANCE COMPANY are—
1st. PURE MUTUALITY, so that the *entire surplus earnings* over the actual cost of insurance is returned to the policy holders who are the only members.
2d. AGE, having been organized in 1845. It has the benefit of the experience of a quarter of a century, and members are thus guaranteed from all doubtful *experiment* in the method of conducting its business.
3d. STABILITY AND PERPETUITY shown by the accumulation of a capital of *Seventeen Millions of Dollars*, after paying all losses promptly, and returning large dividends to its members. It has now an income of over *Seven Millions of Dollars*, and the interest on its investments, with premium on gold, &c., has been sufficient during the past two years to pay accruing losses.
4th. NON-FORFEITURE OF POLICIES. It *originated* the system of non-forfeiture of policies, and to it the public are indebted for a feature so favorable to the insured.
5th. SUICIDE does not cause a forfeiture of the policy, that being considered an evidence of insanity, and insanity the result of disease.
6th. DIVIDENDS. Its dividends are declared annually, and are available *immediately as cash in payment of premiums*. Many companies declare their premiums annually, but do not pay them till several years thereafter; others defer their declarations for two, three or four years from the time the policy commences. In this Company a party always has a dividend which can be used in the payment of the *second and all subsequent annual premiums*.
7th. ITS DIVIDEND SYSTEM is the "Contribution Plan," by which each member is charged with the exact cost of his insurance, and receives back his surplus payments. These dividends can remain with the Company, participating in its earnings, and be used at any subsequent period in the payment of premiums.
8th. LIBERALITY IN SETTLEMENT OF LOSSES. Experience has shown that cases arise where policies, although EQUITABLE claims, are not LEGALLY so. The records of this Company bear many acknowledgements from widows and relatives of deceased members of its liberality and fairness in settlement of all such losses. There being no stockholders in the Company to share its profits, interests adverse to policy-holders cannot possibly differ, the Trustees simply occupying the position of arbitrators between the members, with an inducement to take from one and give to another.

LIFE INSURANCE COMPANY,
OF HARTFORD, CONN.
FOUNDED IN THE YEAR 1820.
Adopted Mutual System in the year 1861.
ACCUMULATED CAPITAL OVER.....$16,000,000.
ITS ANNUAL INCOME OVER.....6,000,000.
WHOLE NUMBER OF POLICIES ISSUED TO DATE, NEARLY.....100,000.
NUMBER OF POLICIES ISSUED IN 1870.....11,217.
THE ÆTNA RANKS AS ONE OF THE FIRST COMPANIES IN THE LAND
IN INCOME, IN ASSETS, IN SOUNDNESS, CHEAPNESS, IN NUMBER OF POLICIES, PROMPTNESS, IN AMOUNT INSURED, AND SUCCESS, IN SOLIDITY AND STRENGTH.
THE AMOUNT OF DIVIDEND A COMPANY CAN PAY ITS INSURED, DEPENDS UPON THE RATES charged for insurance, the AMOUNT of business done, the EXPENSE of doing it, the INTEREST on its investments, the CARE exercised in the selection of its risks, and the TIME it runs; such dividends are paid. In regard to these, as also all other points, the ÆTNA is unsurpassed in advantages by any other Insurance Company in the United States.
The New York Insurance Monitor says of the Ætna:—"No Life Insurance Company ever achieved so complete a success as this popular institution. Its popularity is altogether unprecedented in the annals of commercial enterprise in this country."
The New York Independent says of the Ætna Life:—"It is to-day one of the *soundest* and *most reliable* Insurance Companies in the United States—every dollar of its assets well secured, more than providing for all liabilities; and it eminently deserves a still greater patronage and the unhesitating confidence of the public."

FINANCE AND COMMERCE

THURSDAY EVENING Nov 9 1871

Gold at New York unchanged 112

Portland Legal Tender quotations, 88½ buying and 89½ selling

The financial situation remains unchanged. White money is not so scarce as to amount to a pressure, it is neither so plenty as to render business altogether free and easy. Some of the most reliable debtors are under the necessity occasionally of asking a little accommodation upon bills due.

Upon the whole the business transactions of the week have been quite satisfactory. Country merchants stated have operated to make this a rather busy week in most all lines of seasonable and winter goods. By the steamer *Ajax* which arrived last evening, there came a very large freight of merchandise—in some respects an opportune arrival

Authentic information has been received to day that the brig *Brewster* has been laid on at San Francisco, to load for this port

Steamers are to sail as follows The *Ajax*, for San Francisco, Monday, 13th the *California*, for Port Townsend, upper Sound ports and Victoria on Saturday the 18th; and the *Geo S Wright*, for San Juan, Nanaimo and Sitka on Friday, December 1st

The British ship *Bristolian* was expected to sail to-day for Liverpool,

On the 2d inst there arrived at San Francisco, per railroad, a car load of machinery for Oregon—name of consignee not stated

The following were quotations yesterday at several of the interior towns

EUGENE—Wheat, $1 05; Oats, 75c Potatoes $1 Butter, 40c; Eggs, 30c.

ALBANY—Wheat, $1 05; Oats, 75c; Potatoes $1 Butter, 35c; Eggs, 35c.

JUNCTION—Wheat, $1 10; Oats, $1, Butter and Eggs, each, 30c; Potatoes $1.

Of the San Francisco Insurance Companies, we learn through the papers per *Ajax*, that on the 31 inst, the stocks were quite low and nominal An indication of their value may be gathered from the following statement A lot of 1,000 shares Fireman's Fund was offered in the Board at 25, while Union was offered at 33 and Pacific at 10 Adding pending assessments, the prices would be raised as follows Fireman's Fund, 75 Union, 78; Pacific, 35.

The question of the validity of the Insurance assessments has just been decided by Judge Dwinelle in the affirmative. The case was presented to the Court without argument for the purpose of ascertaining the right of the Company to levy an assessment upon the stockholders to restore impaired capital Under the operation of the present Insurance law, says the *Bulletin*, no other decision could have been rendered The act specially provides for the requirement of capital by a direct tax upon stockholders pro rata to the number of shares; and there is no alternative left to the Company except to go into liquidation. The decision of the said stockholders more prompt in that

The *Commercial Herald* can be safely said that it is a matter for general satisfaction that four of our Fire Insurance Companies which suffered from the destruction of Chicago, have determined to adjust and pay their losses, and continue their business.

As indicating the state of the San Francisco markets more fully than disclosed by our telegrams, we present the following clippings from the commercial reports in our exchanges of the 3d and 4th, received per *Ajax*

The Grain trade the present season has been marked with many peculiarities; but, with admitted light crops of Wheat, and consequent high prices for breadstuffs with, of all the dealers engaged in the business, few could have predicted the present crowded condition of our warehouses up in the city front and at many prominent points on the Bay—at the time of harvest it was supposed that the warehouse facilities in the State for that year must necessarily be unprofitable—in fact, a losing business for all engaged in it, but quite the reverse of this is the case—for large warehouses are now all full to repletion, and no query naturally arises, why this is so, consider ing the unusually light receipts of wheat the present season—for money at the time of harvest was very abundant—as low rates, and farmers, desirous of holding their crops for a few months, were demanding for their wheat a few cents more than the full market value of the same, and having thus made arrangements to hold their crops for higher prices—a large share of the wheat remained in the interior, owing to the difficulty and high rates of transportation, and the consequent scarcity of bottoms to carry it away—we have now only shipped 40 per cent less than last year—We have exported to date 70 cargoes, carrying 1,957,112 ctls Wheat, valued at $3,[illegible] per ctl, against 1,491,547 ctls exported to this time last season, of 469,158 ctls valued at $1,429,411 Our Wheat receipts for the same period have been 1,600,000 ctls, against 1,900,000 ctls same time last season Our stock in warehouse is now considerably more than it was a year ago This state of things is not creditable to our producers; they were unwilling to follow the market and sell at high prices, and now we have a falling market for wheat and other grains, and without a speedy revival of an export trade, we see nothing to prevent still early and heavy declines in values. With these facts before us, a decline by many is thought to be inevitable. The highest point reached this crop year was $2 35 for an export cargo, and $2 05 would to-day be deemed a fair price for good shipping Wheat, considering the liberal supplies now reaching us from Oregon and the restricted export demand for both Flour and Wheat It should be said, in this connection, that at present there is comparatively little Wheat arriving, and but little offering on sale. Were it otherwise, a decline would now be unavoidable But the fact is, most of our largest holders have made their monetary arrangements to extend until after "New Year," when the rainfall question will doubtless be settled, and some intelligent estimate made of the probable crop yield for 1872

The receipts of certain articles of Oregon produce from January 1st to date (Nov 3), have been as follows: Flour, qr sks, 541 929; Wheat, sks, 102,046; Oats, sks, 6,726; Barley, sks, 9,141; Potatoes, sks, 2,396; Peas, sks, 84,131; Bacon, pkgs, 1,858; Beef, pkgs, 1,852; Lard, pkgs, 225; Butter, pkgs, 686; Lard, pkgs, 486; Pork, bbls, 1,216; Dried Apples, 1,936; Hops do, bxs, 27,433.

Real Estate Transactions.

[Deeds filed for record.]

H. Kelly to Thos. J Cottle, Nov. 1, 1871, 80½ acres in Sec. 7, T 1 S., R. 3 E.—$4,500

Tax Title to Phil Cohn, Nov 8, 1871, five acres adjoining Tibbetts's Addition to East Portland—$1,000.

James W Guild to Thos Cottle, Nov 9, 1871, 100 acres of the Peter Guild and D. Balch claim—$3,500

Tax. Abraham to A. C. Fairchild, Sept. 16, 1871, 14 acres in Sec. 3, T. 1 N., R. 1 E.—$350

I. E. G. to M. E. Fechheimer, Nov. 7, 1871, tract of 100 feet by 107½, corner Mill and 13th st.—$750

M. E. Lewis to M. E. Fechheimer, Sept 9, 1871, the undivided half of lots 5, 6 and 7, in block 193, city—$1,000

Produce Market.

WHEAT—In the absence of transactions quotations are nominal at $2 20@2 25 per cental for shipping and $1 20@1 25 for milling grades.

FLOUR—We quote favorite extras at $7 50, superfine, $6 50@7; fine, $6 50@8. It has been learned that holders at San Francisco are contemplating a rise in prices.

POTATOES—The market is a little firmer to-day at the quotations, 85 @ 90c per bushel

PROVISIONS—We quote Hams, 12@13c; sugar cured 10c. Shoulders cured at 12½c. Lard—fresh butcher's in tins, 10c. Butter—quotable at 50c for fresh roll and 40c in firkins. Egg market quite bare and prices fully sustained; fresh, quotable at 60c.

Kanehandies Market.

COAL—[illegible] There has been no change this week in the market, which remains lifeless and altogether without excitement. The indications of a week ago were in favor of a still further advance in staple goods, but later advices are in substance that the Eastern markets are quiet.

COFFEE—Rio are maintained firmly, and a further advance is not improbable The importations at San Francisco from 24th Jan to Nov 1st, were Rio 827,500 lbs; Java, 393,878 lbs; 839 sks; Manila, 555,351 lbs, 120 sks; Hawaiian, 82 154 lbs, Central American 8 895,169 lbs, 485 pkgs; Zahitian 10,418 lbs, 80 sks; San Domingo, 2,760 lbs; Mocha, 1,050 lbs. It is conceded that the supply of 1871 is far below the usual average, and the market likely to rule high throughout the year.

COAL—We noted the other day an advance in Eastern Coal to $10 We hear of a large lot to arrive, purchased on terms private, but understood to be at a considerable advance on previous rates. The S F *Commercial Herald* of the 2d inst. quotes Australian, 12 50; Scotch and English Steam, the same West Hartley $13; Cumberland, in bulk, from yard, $20@22; same in casks $23@26; Coos Bay, $9 50; Bellingham Bay, $9, Seattle $10; Newcastle, $13 50 Anthracite, scarce, last sales Pittston $18@18 50; new hold higher Cannel, jobbing at $25@30, Mt. Diablo, (Cal.) $6 25@8 25 for fine and coarse respectively

IRON—All heavy descriptions hold firmly at the advance noted on the 12th inst. Bolts, nuts and chains, of which there were some stocks received by last steamer are up in sympathy with the late movement

STEEL—It is understood that stocks are not large, and jobbers are demanding an advanced price.

SALT—The S F *Commercial Herald* of the 3d has the following. Imports from Jan 1st to Nov. 1st—Hawaiian 61 tons; Mexican, 3,906 tons; English, 25,005 sks, 207 cases, 2,697 tons, 105 bbls In a previous issue we alluded to purchases of several hundred tons Liverpool, with a view to a speculation of stocks in the hands of a prominent importing house The aggregate purchases so made approximate to 1,700 tons, at $17 50@20 for selected and for coarse Liverpool, $15 50; Since then a public offering has been made by the parties purchasing, being an assortment of 200 tons Marshall's Liverpool Stoved, of this 60 tons are on the wharf at $22 25 @ 2,000 lbs, on 60 days; 50 tons withdrawn; also at same sale, 50 tons Liverpool Coarse, at $17@18 25. Since the auction sale, prices of Liverpool have not been fully established, but the impression prevails that $25 will be the rate although it is said that much of that now here costs $27 50. Be this as it may, the result of this concentration of Liverpool Salt is to make a larger sale for Carmen Island, which, in bulk, is now offering at $13, while the Bay product, Hunnewell's Crystal Works can furnish 1,000 tons of superior quality at $12@15, and common Bay, for fishing purposes, at $5@7 50 100 tons German fine sold at $18 50.

Markets.

[By telegraph.]

SAN FRANCISCO, Nov 9—Wheat—Range of market $2 50@2 65.

Barley—200 sks Bay feed, $1.

Oats—The recent inquiry has been in part to supply a Government order for Oregon; sales of 500 sks at $1 75; 200 sks good at $1 80; 800 sks at $1 85

Hay—Market firm. A small cargo sold at $24; choice wheat $25 ₱ ton.

Potatoes 300 sks choice sweet sold from wharf yesterday at $1 50. Market bare of, supplies in first hands. Sales of 1,200 sks Cuffee's Cove at Duncan No improvements id reds which can be bought at the way from 50c @$1 as to quality figures for ordinary qualities.

Wool—In addition to the 11 200 lbs reported yesterday as sold during the week, the transactions of another firm for the same week aggregate 650 000 lbs To effect these sales it was necessary to concede in some cases 2@3c ₱ lb in favor of the purchaser The market at one time somewhat nominal owing to indifference of buyers evidently at recent reductions and the unwillingness of some holders to meet the market We quote fair to good average shipg or grades of fall clip at .@22c a few fancy lots bold higher A large portion of the month stock is inferior in quality, full of burs or dirt

RAILROAD LANDS.

OFFICE OF LAND DEPARTMENT,

OREGON & CALIFORNIA R. R. CO.

AND

European and Oregon Land Co.

PORTLAND, OREGON, August 1, 1871.

THE COMPANY IS NOW PREPARED TO EXTEND the pre-emption privilege of purchasing Railroad lands in advance of the same being placed in market to all parties desirous of securing them on the following terms

The applicant filing in this office a claim in the form prescribed to wit

Pre-emption date, No —

To the Land Agent of the European and Oregon Land Company

You are hereby notified that I have settled upon and improved (description of land) in the county of State of Oregon, containing — acres, and that I claim a pre-emption right to purchase said lands at the Company's valuation in accordance with the following resolution of the Directors of said Company, adopted on the twenty ninth day of May, A D 1871, to the terms of which I hereby fully assent.

"Resolved, That the parties settling upon and improving any of the lands of the European and Oregon Land Company, before the same are opened for market, shall be entitled to the pre-emption privilege of purchase on the same terms as the Company would sell the land for without improvement, and shall be subject to the same conditions of payment, as all other lands belonging to the Company when brought into market; provided such settlers shall file in the Land Office of said Company written application giving notice of such settlement, and thereby accept the privilege upon the condition that when the price of the land shall be fixed notice thereof shall be sent by the Company's Land Agent, through the Postoffice or otherwise as may be convenient, to the residence of the party claiming the pre-emption privilege, and if the land be not purchased by the said party within sixty days from the date of such notice, the Company will be at liberty to sell the land to any other person."

(Name of applicant

(Postoffice address.)

When the application is received, a certificate, signed by the Agent, obligating the Company to the terms, will be sent to the claimant in the following form:

PRE-EMPTION CERTIFICATE, NO. —

This is to certify that of county, State of Oregon, has this day filed in this office a pre-emption claim to (description of premises) and is hereby entitled to the first privilege of purchasing said land at the Company's valuation, (which is to be made without reference to improvements) when the same shall be placed in market, in accordance with a resolution of the Board of Directors of said Company, adopted May 26, A D 1871

When the price of the above described land is fixed thereof will be sent to the party to whom this Certificate is issued, and if the land is not purchased by the said party as the holder hereof within sixty days from the date of said notice, the Company will be at liberty to sell the land to any other person

(Signed)

Land Agent of the E & O Land Co.

The lands will be appraised by a competent, disinterested party, under oath at their actual present value—no fancy or prospective price on the value of timber lands in this vicinity, and when appraisement is made they will be sold in quantity not exceeding one hundred and sixty acres to one person, payable in five equal annual instalments, with interest from date of contract, at ten per cent per annum, principal and interest payable in United States Legal Tender Notes Warranty deeds given after United States Patent issues upon payment in full
